The leaflet is developed and disseminated with the financial support of the European Union within the program "ERASMUS +". The views expressed in this publication do not necessarily reflect the views of the European Commission.

THE EUROPEAN UNION

The **European Union** is made up of 27 Member States who have decided to gradually link together their know-how, resources and destinies. Together, during a period of enlargement of 50 years, they have built a zone of stability, democracy and sustainable development whilst maintaining cultural diversity, tolerance and individual freedoms.

The **European Union** is committed to sharing its achievements and its values with countries and peoples beyond its borders".

The **European Commission** is the EU's executive body.

The European Commission cooperates with five Central Asia countries: Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan and Uzbekistan both, on bilateral and regional level.

The **ERASMUS +** aims to support actions in the fields of Educations, Training, Youth and Sport for the period 2014 – 2020.

ERASMUS + aims at becoming a more effective instrument to address the real needs in terms of human and social capital development in Europe and beyond.

Development of Higher Education Content Aimed to Support Industries for Sustainable Production of Qualitative Agri-food

Latvia University
of Life Sciences
and Technologies

This project is in implementation of the consortium led by
Latvia University of Life Sciences and Technologies

THE PROJECT

Latvia University of Life Sciences and Technologies in cooperation with seven partner organizations is implementing the project “Development of Higher Education Content Aimed to Support Industries for Sustainable Production of Qualitative Agri-food”. The project is financed by EU Erasmus+ Programme, Key Action 2 – “Cooperation for innovation and the exchange of good practices”.

The overall objective - To modernize agro-industry related higher education thus promoting implementation and effective management of sustainable agro-food production systems in Kyrgyzstan and Uzbekistan.

The project team aims to develop the content and mechanisms of higher education, so that the highly skilled specialists better meet the needs of the agro-industrial sector of Kyrgyzstan and Uzbekistan.

In addition to the development and implementation of the content and the improvement of the study environment, the project contributes to strengthening the cooperation between higher education institutions and agro-industrial enterprises in Central Asia, and enhances the partnership among universities in Uzbekistan, Kyrgyzstan and EU countries.

The project contributes to the achievement of the following objectives:

- To modernize agro-food production related study programmes in 4 Central Asia universities.
- To promote availability of knowledgeable and skilful specialists for agro-food production industry.
- To develop capacity of academic staff.
- To improve study environment.
- To strengthen links among universities and agro-food production industry.
- To enhance networking among Central Asia's and EU's higher education institutions.

In perspective, the project will allow regional producers to apply internationally recognized good agricultural practices (GAP), including the conditions and requirements of the GlobalG.AP standard, principles and approaches of sustainable agribusiness management. This leads to increased efficiency and competitiveness of the industry, supports business development, and provides local consumers with safe food products of and clean environment, thus indirectly contributing to regional and rural development.

THE CONSORTIUM

The project is implemented in cooperation with international and regional partners:

LLU – Latvia University of Life Sciences and Technologies

NSU - Naryn State University named after Naamatov

KNAU - Kyrgyz National Agrarian University named after K.I. Skryabin

SA TDIU – Samarkand branch of Tashkent State University of economics

TDAU – Tashkent State Agrarian University

UAK – University of Agriculture in Krakow

LNU - Linnaeus University

HWI – Hilfswerk International

Associated partners

Agro Information Center - innovations of Uzbekistan under the Council of Farming Dekhkan Farms and Owners of Household Lands of Uzbekistan

Agrobusiness Association of Uzbekistan

Public Union Association of dairy -cattle breeding „Kyrgyz-Sut“

Agricultural Development Association

The project's development is based on the initiative of producers and exporters of agricultural products in Uzbekistan and Kyrgyzstan.
